# KLSICCI HISTORY

In 1928, a group of Indian merchants primarily involved in the trading of spices, textiles, and other commodities established the Chamber of Commerce. Despite its humble origins, the organization has grown to become a respected and prestigious entity that wields significant influence. The late Mr. R.E. Mohamed Kassim was the first President, and he, along with other early pioneers such as the late Haji Peer Mohamed, Mr. V.O.K. Ganapathi Pillai, and Mr. Ismail Ghaney Rawther, led the Chamber's modest activities until the outbreak of Pacific hostilities in 1942, when the Japanese armed forces occupied the country.

KLSICCI is responsible for safeguarding the diverse business needs of the Malaysian Indian community and addressing urgent concerns. The organization is keenly aware of the rapid pace of the nation's economic development and, as a result, serves as a critical link between the government and the private sector. KLSICCI's functions are integral to promoting and proactively supporting the country's economic growth.
